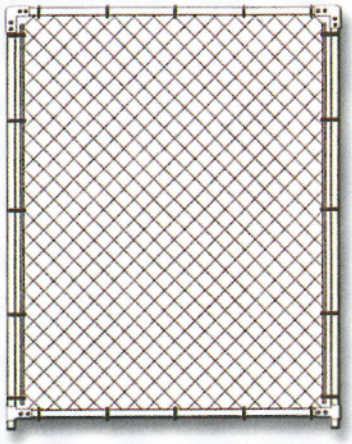
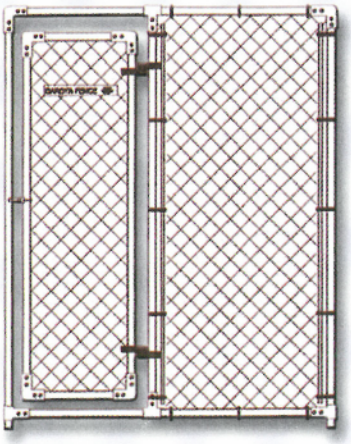
DAKOTA KENNELS

Popular... Portable... Free Standing

Manufactured with sturdy 1 3/8" O.D. frame with 11 1/2 gauge chainlink fabric. Legs raise the bottom rail of panels 2" above floor, permitting easy hose-flushing and prevents lodging of unsanitary debris against bottom of panels. Gates are constructed with cast aluminum corners, using sturdy pin-type hinges and a special kennel latch. All materials used in Dakota Kennels are galvanized therefore no rust and they are maintenance free.



Deluxe Square Frame Kennel Panels



Deluxe Gate Panel with Special Latch
